

**STRIPPER M 10/170**  
Manual dismantling technology

**Stripper M 10 / 170**

The manual operated cable insulation remover Type M 10/170 , is used in the electrician`s workshop or in the cable pre – assembly industry, when the insulation of the cable has to be removed quickly.

Once adjusted, a simple pull on the hand lever and apart of the outside insulation is removed.

The cutting blades and stripping length can be adjusted easily without Any tools.

**Cutting blade sets are not included in the basic equipment !**

## Data sheet

<b>Basic equipment:</b>	<b>STRIPPER M 10 / 170</b>
